

Our newest project is our Greystone "Rent to Own" single family housing modeled after the Chicago Greystones. This rendering represents the model of our 26 homes being built in 2012-2013 between Forest and MLK Avenues to Sherman Hill for low-income families.

GREYSTONE

THE BRICKSTONE

Senator Grassley joins Congressman Boswell during our ground breaking of our High Street Brickstone with Paul Koester and Jack Hatch. The Brickstone opened May 2012 fully occupied.

Our "Brickstone" style was replicated with the development of the MLK Brickstone adjacent to I-235 in 2011. The clock tower can be seen by commuters coming into the city from the suburbs letting them know if they are late for work.

MLK BRICKSTONE

FLYNN WRIGHT & MICROSOFT

Our two commercial buildings across from the Pappajohn Sculpture Garden include the historic former Manbeck car dealership which is now home to Americana Restaurant and the Kruidenier Cadillac dealership where Flynn Wright and Microsoft opened their new offices in 2012.

Building neighborhoods in Des Moines and Cedar Rapids
